#### Digital Mobility Outcomes for Health Promotion and Prevention: Extracting actionable insights from real-world data

The **Mobilise-D consortium** and the Italian **DARE Initiative** are delighted to invite PhD students, early career researchers, health practitioners, patient organisations, technology developers, pharmaceutical representatives, and other interested professionals to our joint Summer School. The programme will combine the themes of **digital technologies** and **preventive healthcare** to improve disease prevention, intervention monitoring, and personalised healthcare, thereby fostering the shift to sustainable healthcare.

### When and where?

**30th of July – 4th of August 2023.**  
**Bishop's Fortress of Bertinoro, Italy.**

### Webinar recordings available on our YouTube channel

We've had eleven public webinars so far as part of our ongoing Mobilise-D webinar series and they have been a great success! If you missed any of them, all recordings are available on our [YouTube channel](#).

### The CVS recruitment finish line is edging closer

With 2253 participants enrolled in our Clinical Validation Study, we are approaching our 2400 target! Three of four cohorts are already complete, while recruitment of hip fracture patients steadily progresses and has passed 450 enrolled patients.

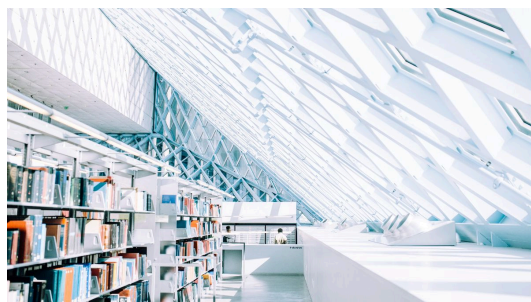

## Curious about the Mobilise-D Technical Validation Study, what we did, and what we found?

We have created a lay summary of the study to share our work and findings with the public. Read more [HERE](#).
