Public Newsletter Feb-Aug 2023

Mobilise-D accelerates breakthrough innovations in digital health monitoring to assess patients' daily life mobility, focusing on different conditions that often affect mobility (COPD, PD, MS, hip fracture), with the goal to improve follow-up and personalized care of patients.

Highlights of the joint Mobilise-D and DARE Summer School 2023

This multidisciplinary event united professionals, researchers, and practitioners to bridge the gap between technology and healthcare. Expert speakers explored digital innovation's potential, while hands-on challenges nurtured creativity and teamwork. Beyond learning, attendees enjoyed leisure activities, fostering lasting connections. The event's culmination featured innovative project pitches, emphasizing the power of collaboration in shaping a healthier, sustainable future. Read the [full blog post](#) and watch the video below for insights on this transformative summer school. Get ready to relive the magic!

Investing in the future

Success despite Challenges: Recruiting 2,382 participants for an unprecedented Clinical Validation Study

In the world of medical research, reaching the recruitment target for a clinical study is always a significant milestone. But when the aim is to recruit a whopping 2,400 patients for a comprehensive clinical validation study, successfully enrolling 2,382 participants despite a myriad of global challenges is nothing short of extraordinary. The Mobilise-D consortium is celebrating its impressive recruitment achievement despite having to overcome a long string of serious adversities in the process. Read more [here](#).

Mobilise-D: A journey of triumph and impact in setting digital mobility standards

Who could have thought that, when we met at the Mobilise-D kick-off in April 2019, four years would pass before we were able to meet as a consortium again? Four years of hard work, battling a seemingly endless string of large and larger challenges and changes - and nevertheless reaching all our objectives! Read about our challenging but exciting journey, our remarkable results, and all of our accomplishments achieved [here](#).

Engaging patients for meaningful contributions: Insights and recommendations from Mobilise-D's PPIE webinar

On the 10th of May 2023, Mobilise-D continued with its webinar series, outlining some of the key learnings and work of the consortium. The focus of this webinar was on patient involvement and engagement (PPIE), and the lessons learned from the consortium in terms of setting up PPIE structures to ensure meaningful contributions.
